Shawn Filbert Bueno

SKILLS

I possess a strong foundation in both hardware and software, with proficiency in programming languages such as C, C++, Python, Java, and JavaScript. My experience extends to object-oriented programming and full-stack web development, where I've worked with frameworks like MERN and LAMP. I am well-versed in version control using Git/GitHub and have practical knowledge of digital logic design, microcontrollers like Arduino and Raspberry Pi, as well as embedded systems. Additionally, I have experience in circuit design and simulation using tools like Proteus and Multisim, and I'm comfortable working in various operating systems, particularly Linux.

EDUCATION

APEC SCHOOLS, Quezon City – *Grade 7-10*

AUGUST 2014 – JULY 2018,

Graduated with Loyalty Award

New Era University, Quezon City – *Grade 11-12*
